

# MEDIA PUBLISHING SYSTEM INK CARTRIDGE CONFIGURATIONS

For the most productive and cost efficient use of your new Media Publishing System use the following chart to configure your ink cartridge setup to correspond with your output needs.

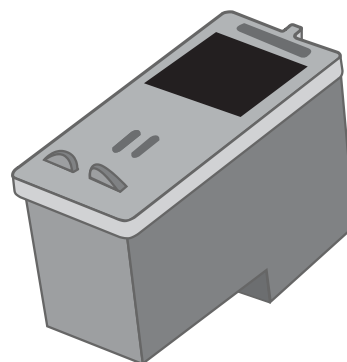

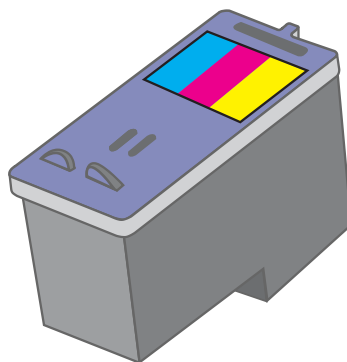

## GOOD QUALITY

For good print quality install only the Three Color ink cartridge (**CO5** high yield or **CO9** low yield)

## HIGHER PRODUCTIVITY

When printing graphics or text containing higher content of black install the Three Color ink cartridge (**CO5** high yield or **CO9** low yield) AND the Black ink cartridge (**BK4** high yield or **BK8** low yield)

## BEST QUALITY

For ultimate print quality, full color photorealistic prints and longer life of your cartridges. Install the Three Color ink cartridge (**CO5** high yield or **CO9** low yield) AND the Photo Color ink cartridge (**PC1**)
